

# Kavli - CERCA Conference

# THE FUTURE OF COSMOLOGY

October 10 -12, 2003

**A Conference at  
Case Western Reserve University  
to bring together theorists,  
experimentalists and observers  
to examine critically those issues  
that will impact cosmology,  
astrophysics and particle  
physics in the next 25 years.**

CERCA (Center for Education and Research in  
Cosmology and Astrophysics) is a new center at CWRU,  
in coordination with the Shafran Planetarium at  
the Cleveland Museum of Natural History, dedicated  
to furthering forefront research and education in  
cosmology and astrophysics.

**Organizing Committee:**  
Lawrence Krauss, Chair, Director CERCA  
Dan Akerib  
Corbin Covault  
Chris Mihos
