Quarterly Effort Report Physics 351/353  

Instructions: Three times during the two semesters of Physics 351/353 you are expected to complete, and have your advisor (or such supervisor as your advisor may designate) sign and discuss with you this form. It is then due to the Professors who supervise 351/353. Please indicate the numbers as requested, keeping in mind that good estimates are acceptable. You should exclude any activities that satisfy the requirements of any other class, or for which you are paid. It also excludes about 3 hours a week that you should have devoted to going to and writing for the accompanying class, Physics 352, although learning / library research that is required for both classes and is in excess of the three hours expected for 352 may be included.

Number of hours you have spent doing library research

Number of hours you have spent doing computer / lab / theoretical research

Number of times you have met with and discussed 351/353 research with your advisor

Estimate the number of hours spent in discussions with your advisor

Estimate the number of hours you have met with a post-doc, graduate student or other person designated by your advisor for the purpose of discussing 351/353 research

Advisee: Circle one: I am (a) very satisfied (b) satisfied (c) concerned about or (d) very concerned about the time and effort that I have put into her/his research for 351/353 this quarter.

Advisor: Circle one: I am (a) very satisfied (b) satisfied (c) concerned about or (d) very concerned about the time and effort that this advisee has put into her/his research for 351/353 this quarter.

The advisor / advisee pair whose signatures appear below have discussed the numbers recorded above, and agree that they reasonably portray the effort and progress in 351/353 this quarter.

Signed:
